

# ELECTRO-MECH

## SCOREBOARD COMPANY

### HIGHLIGHTED PROJECT

Hickory, N.C. - The Lenoir-Rhyne University Department of Athletics introduced a brand new state-of-the-art football scoreboard this fall. The old scoreboard was moved to the practice field located directly behind the stadium. The scoreboard is a Model 3680 Outdoor LED Football Scoreboard and was built by Electro-Mech Scoreboard Company. The entire unit includes a four-speaker audio system, a 19mm 288 x 765 pixel LED video display, decorative truss, ID panels and graphics. The body of the board consists of matte black, red LEDs, white accent striping and 20mm 16 X 96 electronic team names.
