What They Said

"When we were in the position to replace our old incandescent scoreboard and message center the staff at Electro-Mech presented us with the best option. We were able to purchase a much more superior product than what we had and we love our new video board."

Chip Champion
Athletic Director

"With the opportunity to upgrade our football stadium we new we needed the right company and the right product. The direction that we were given by the Electro-Mech sales staff was second to none. I would recommend talking with Electro-Mech before you look at any other company. They will provide the best solution for your needs."

Ron Drummonds
Headmaster
