EMANUEL COUNTY INSTITUTE - TWIN CITY, GA
Head Coach: Milan Turner

What They Said

"We picked Electro-Mech Scoreboard Company over the competition based on price, product, and service after the sale. Electro-Mech has surpassed our expectations, and we are glad we chose a company right here in Georgia."

"From our first meeting with Electro-Mech we knew we were working with a company that understood our needs and would work to make sure that we received exactly what we wanted for our stadium."
