DECATUR HIGH SCHOOL - Decatur, GA
Head Football Coach: Sonny Spurlock

What They Said

"The video scoreboard from Electro-Mech has helped to transform Friday nights in Decatur from a football game to a true athletic experience. Although we are still in our infancy with the board, it has allowed us to make stronger connections with our students, alumni, and community. As we move forward, we are amazed at the number of additional functions that we are able to perform. The sky is truly the limit!"

Carter Wilson
Athletic Director

"Electro-Mech was an extremely responsive vendor. Whenever we had a question, they were quick to get us the answers. They also worked well with our contractor to get the board installed and tested well in advance of our opening game."

Susan SimpsonRosser
Program Manager for City Schools of Decatur
