(24' x 3')

JOHN MILLEDGE ACADEMY - Millidgeville, GA
Head Coach: Ken Johnson

What They Said

"Electro-Mech was easy to work with. We had a planned budget and expectation, and they met both. We worked close with everyone involved and they made it a good experience. Everyone thinks the new scoreboard is great."

Jason Miller
Director of Development

"Everyone we met or talked to at Electro-Mech was very knowledgeable and helpful in our decision making process. There proposal was dead on the dollars we had budgeted, and even more. Electro-Mech worked with us on our ads in graphics and made it easier to sell the boosters."

Andy Cowart
School Board Member
