What They Said

"Electro-Mech was great for our program. We had a close working relationship with everyone involved, and they made it all happen for us. Nobody could imagine the difference the sound and video made. It's a whole new ballgame."
John McKissick

"From our first meeting we knew Electro-Mech spoke our language. Their proposal was just what we were looking for and even more. Electro-Mech worked with us on our ads, and it shows in quality."
